# About company

Master Food doo is a private company established in 2007. The cold store and representative office of the company are located in Western Serbia, city of Užice, at Jelovogorska Street 7.

The main activity of the company is the purchase of organic and conventional berries, primarily raspberries, blackberries, strawberries, and blueberries that we buy from our subcontractors from the mountainous regions of Western Serbia. Our purchase is focused on producers gathered in grower groups, with the support of our agronomists with the centralized distribution of inputs.

From the very beginning, the company is aimed to fulfill and implement high standards and criteria in the food industry. Therefore, the company complies with BRC Food + FSMA, Kosher, SEDEX Smeta, USDA ORGANIC, and EOS. We use a system of traceability, which means that we track all info about the quality and safety of our products, from the agricultural producer to the final product.
